

BC Parks at 100

- 25% less funding than in 2001
- 30% fewer staff to run parks and protect wildlife
- Only 10 full-time park rangers for the entire province
- 60% overall cut to seasonal park rangers
- Pay parking introduced to BC parks
- Cancellation of interpretive programs
- "Little action has been taken to ensure conservation."
(2010 BC Auditor General report)

We call on the B.C. government to better protect BC Parks:

- ✓ Double BC Parks operational budget, as recommended by the B.C. Government appointed Park Legacy Panel
- ✓ Implement Auditor General's 2010 report, 'Conservation of Ecological Integrity of B.C. Parks and Protected Areas'
- ✓ Strengthen park protection laws
- ✓ Remove parking meters from BC parks
- ✓ Restore interpretive programs
