Honourable Terry Lake
Minister of Environment
Province of British Columbia
Parliament Buildings
Victoria, BC V8V 1X4
By Email: Env.minister@gov.bc.ca

Dear Minister Lake:

I wrote you on March 15th urging funding for Park Interpretation. We have not had a response.

Time is of the essence to mount a suitable program and hire and train staff to deliver programs in BC Parks for this the centennial year.

Former Premier Campbell announced there would be funding last September at the fall UBCM conference. And former Minister of Environment Barry Penner assured BC Nature members at our FGM last October that there would be funding.

I trust you are being briefed on this urgent matter and that funds will soon be announced.

Sincerely,

John Neville
President, BC Nature
Federation of BC Naturalists

cc Premier Christy Clarke
