

NOMINATION: Criteria for BC Nature Awards 2018

All Award nominations must be received by **March 15, 2018**

Please include the following information:

1. *How long has your nominee been active as a volunteer?*
2. *In what organizations has your volunteer been involved?*
3. *How has your nominee been active in encouraging others to become involved?*

The criteria for each BC Nature Award provides direction but the contribution that the nominee has made should be elaborated upon in your submission in two or three paragraphs, approximately 300 words. If a member is nominating another member please ensure that the home club is consulted; this is to ensure that duplicate award nominations from the same geographical area are not received.

Please note: The list of award names/types states whether they are normally presented at an AGM or FGM, a limit of five award presentations per conference will be presented. A list of award names and previous award winners can be found on the BC Nature site, www.bcnature.ca under "Clubs and Notices."

Please send your nomination(s) well before the deadline as time is required to circulate nominations amongst the Awards Committee.

Awards for recipients not in attendance will be mentioned, and then given to the person accepting on their behalf. All recipients will be given a full write-up in the next Nature BC magazine. It is hoped that an absent recipients' Club or Region will then host an event, during which they will be present, for a closer-to-home presentation. If neither the recipient nor a representative is able to attend, please provide an address to which the award can be mailed.

THANK YOU!
